

Q SERIES · DEVELOPED WITH JOHN KEW

Q2

Controlled aggression. Accessible power.

FULL-FOAM CORE

Built to last

Fully molded EPP foam core with 3mm integrated groove channels.

CARBONBITE SURFACE

Carbon-fiber face

A firm, connected feel preferred by high-level players.

MULTI-ZONE HYBRID CORE

Stable off-center

Tuned foam for torsional stability and broader forgiveness on mishits.

AXIAL CARBON LAYUP

Patent pending

Predictable power from baseline drives to fast kitchen exchanges.

BUILT FOR

Competitors who want elite power, stability on off-center contact, and long-term durability.
